to the "first day of issue" ceremony for the new  
"Diabetes- Know More About It" stamp on Friday, March 16 at 9:30 AM  
at the Diplomat Banquet Center, near I-390 and Lyell Avenue.

The United States Postal Service has selected that day to release nationwide a special commemorative stamp raising awareness of diabetes. The event is being hosted by the Rochester Philatelic Association in conjunction with our national stamp show, ROPEX, being held at the banquet center March 16-18.

The half-hour program will feature Beverly J. Gaines, District Director of the American Diabetes Association, a representative from ViaHealth speaking about local services for diabetics, and 12 year old Geoffrey Bond who lives with the disease. Also present will be Rochester Postmaster John Montague and Robert Scherzi, USPS Customer Relations Coordinator. Additional dignitaries are expected. It will conclude with the official opening of ROPEX 2001, followed by a brief autograph signing session.

Be there!

#### Post Office offers mail order/internet sales to collectors

The Providence, RI post office is offering internet and mail order sales to collectors. We research plate numbers and variances for coils, booklets, vending products, etc. We notify our customers via e-mail or first class mail of new finds when we make them. For more information, contact Donna at [RIStamps@email.usps.gov](mailto:RIStamps@email.usps.gov).

#### NEW MEMBERS

RPA is always looking for, and ready to welcome new members to the group. One way to accomplish this is if for each member to actively invite friends or acquaintances to our meetings, encourage them to get interested in stamp collecting, and then to join.

The stamp hobby has so many "branches" — covers, cancels, topical collecting, classic U.S. or foreign — that there is surely something for everyone.

Take time to volunteer at the Hospitality table at ROPEX (March 16-18) where application blanks will be available, and the opportunity to sign up new members is right there!

#### TIME FOR TOPICALS

The current issue of Topical Time features a well-illustrated article on "Identifiable Cameras" (on stamps) by Ralph London.

"Caves" is another feature in the January-February issue, and there are many more. Ask librarian Joe Doles to let you borrow this, or any previous issues, for some interesting reading.

The R S Stamp Co., aka Bob and Elli Steeb, sent out a news item recently. They listed several stamp shows that are coming up. You are sure to see them at some of the area shows listed elsewhere in H & T. They state that "supplements are starting to be available. Harris Liberty 1 is out, and others are promised soon. Give us a call and we'll get your order in and deliver it as soon as available."

Their show schedule is as follows:

March 16, 17 & 18 ROPEX 10-6; 10-5 & 10-4

March 30, 31, Apr. 1 BUFPEX 1-8; 10-5 & 10-3

May 6 Lockport Stamp & Coin 10-4

Fall time frame Olean Stamp Show

May 19 & 20 Butler County Stamp Show 10-5/4

June 3 R S Stamp Show 10-4

July 28 & 29 1,000 Island Collectibles

Show 10-5/4

We hope you can make some, or all, of these events. The people putting on these shows work very hard to bring dealers together and your support is important. If you'd like specific directions or more information on any of these shows, give us a call 716/621-5019. Or write at 112 Beverly Heights, Rochester, NY 14616.

**THANK YOU** to George Hill, Luis Griff Jr., Tom Fortunato, Florence Wright, Elli and Bob Steeb for their contributions to Hinges & Tongs this time. I must also thank Florence for her recent donation of mailing seals. It will make life easier for your editor. See you all at **ROPEX!!**

RPA members are encouraged to assist Florence in seeking out new members. Please see her for copies of H & T to show others just how educational our hobby can be. **Need a ride?** Contact an officer to inquire how best to attend a meeting and return home!!

Meetings will take place either in the lower level room of the banquet center or the ROPEX Hospitality Room (ground floor of the Best Western Hotel). A lunch area is available daily. Note that the lower level is not handicapped accessible.

We never do anything half-way, and so is the case this year with ROPEX, a couple weeks away. Boy do we have news for you! Below is a press release about the first day ceremony to be held on the opening day of our show. With thanks to the USPS (who very graciously changed the first day of the upcoming Diabetes stamp from Boston on Thursday, March 15, to a nationwide release on Friday, March 16), we hope you will take part!

*ROPEX to Host "Unofficial" Diabetes First Day Ceremony*

When is a first day ceremony not "the" first day ceremony? When it's a nationwide first day release, of course! While the USPS has named Boston as the official site for just a release, Rochester, NY's event that same day will be equally inviting.

On Friday, March 16, the Rochester Philatelic Association will host its own ceremony for the "Diabetes-Know About It" commemorative in conjunction with their national stamp show, ROPEX. It is being held at 9:30 AM at the Diplomat Banquet Center, near I-390 and Lyell Avenue in Rochester and open to the public.

The half-hour program features Beverly J. Gaines, District Director of the American Diabetes Association, a representative from ViaHealth speaking about local services for diabetics, and 12 year old Geoffrey Bond who lives with the disease. Also present will be Rochester Postmaster John Montague and Robert Scherzi, USPS Customer Relations Coordinator. Additional dignitaries are expected. It will conclude with the opening of ROPEX 2001, followed by a brief autograph signing session for those receiving the RPA's first day souvenir program.

Attendees will then head for the thirty three dealers and 216 frames of exhibits ROPEX offers throughout the three day event. The show's hours are 10-6, 10-5 and 10-4. Friday through Saturday, respectively. It will have stamps, covers, and philatelic material for every taste and budget. Members of the public are also invited to bring their items for evaluation by knowledgeable experts.

For additional details, see the RPA web site at <http://rpa.homepage.com/ropex.html>, or email [stampmf@frontiernet.net](mailto:stampmf@frontiernet.net).

I'll also take this opportunity to pass along the latest dealer listing courtesy of our bourse chairman, Bob Steeb. I've just found out that we just had a dealer pull out and we have an open table. If any of you know of a dealer interested in filling that position, please let Bob know at [rsstamp@aol.com](mailto:rsstamp@aol.com) as soon as possible!

## The Excitement Continues

(Guest columnist George Hill)

The Rochester Philatelic Association meetings are great to attend. These meetings provide opportunities to learn about philatelic events, hear about other members' collections, view a presentation by an RPA member or a slide show provided by APS, bid in the silent auctions, and visit with friends. Soon to be added to this collage of activity is the return of the **ONE PAGE CONTEST**.

For lack of any reason known to the officers, this once popular meeting activity lost popularity and faded from the fun scene. Your columnist, during a recent meeting, held an open forum to determine potential renewed interest in starting the program once again.

Having received encouraging remarks about the program and a number of suggested topics that might challenge the members to participate, the programs' first contest was held at the last meeting. Four entries made interesting viewing and when the votes were counted, **Joe Doles won** by a slim margin attesting to the fact that the quality of the entries made judging difficult for the membership. By the way, judging is by the membership in attendance and the winner is determined by having polled the greatest number of votes. In case of a tie, the president's vote would determine the winner.

The following suggestions for contest topics were offered during the forum;

- Men/Women on Stamps
- Stamps without gum
- Stamps without perforations
- Pre-WW1 airmail stamps/covers
- Incorrect usage of stamps (over/under pay)
- The most beautiful stamps
- Covers without stamps
- "Free" franked covers
- Meters
- Postmarks
- Pictorial Cancels
- Mailer Marks
- Permit Marks
- Dinosaurs from foreign countries
- Dinosaurs pictured on U.S. Stamp
- Topicals... various

Different Usage of the same stamp

More topics may be suggested at any time.

On reviewing the list of suggestions, it became apparent that a challenge could be presented to attract participation. A few topics will be selected for several of the monthly contests and announced in the newsletter to provide sufficient time for members to gather material for their page.

Prizes other than recognition in the newsletter have yet to be determined. We want to see the level of participation before making that commitment. In the meantime, please help make this a meaningful activity for "club night". Make it something extra to look forward to and create additional excitement in the meetings.

Our tentative schedule for the current season is as follows:

|             |                    |
|-------------|--------------------|
| February 22 | Women on Stamps    |
| March 22    | Topical (Any)      |
| April 26    | U.S. Commemorative |
| May 24      | Pictorial Cancels  |

Suggestions for running the competition are welcome. We want to keep the rules simple and make this an easy, and an enjoyable experience for the membership. Help the committee to make your additional evening's event one you will PRIZE.

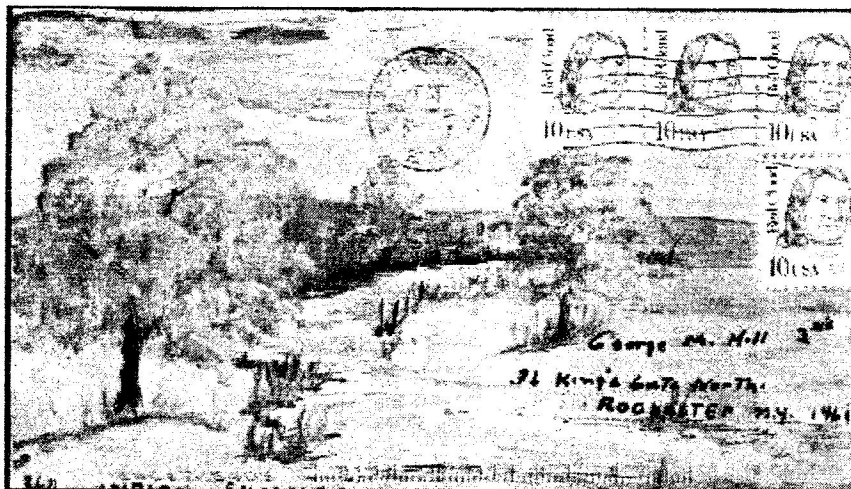

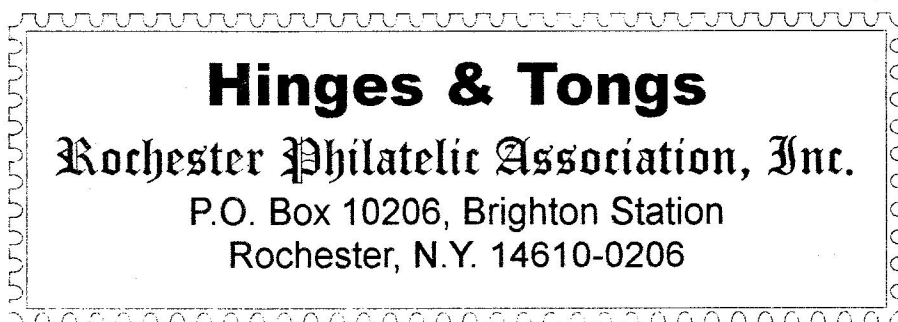

Art Cover Exchange  
Cover of the Year

This coveted award for best-of-the-best covers for the year 2000 recognizes the work of a "humble and gracious" lady, Audrey Pankratz ACE 360 and member of the Rochester Philatelic Association. Individually produced hand painted covers similar to the one presented in nomination were submitted by several members.

Audrey's artistic covers are always welcomed when received. The winning cover is shown in the November NL. It is interesting to note, that Audrey had strong competition and the COY category almost required a tie breaker vote by the president attesting to the quality of the competition.
